The Seller shall provide access to his facilities and render such assistance therein as Buyer's rights hereunder. The Seller shall include this provision in all orders/subcontracts executed hereunder.

b. RELEASE OF INFORMATION

Release of any information pertinent to this subcontract requires prior approval of the Buyer.

c. INSURANCE REQUIREMENTS

If Seller is to perform work at Buyer's facility or on U.S. Government property, Seller shall furnish insurance certificates in accordance with paragraph I of Buyer's Purchase Order Attachment GL-14 prior to the commencement of any work at Buyer's facility or on U.S. Government property.

d. DISTRIBUTION CONTROL OF TECHNICAL INFORMATION

Certain limitations on the distribution of technical information apply

"1) The following terms applicable to this clause are defined as follows:

- (a) Technical Document. Any recorded information that conveys scientific and technical information or technical data.
- (b) Scientific and Technical Information. Communicable knowledge or information resulting from or pertaining to conducting and managing a scientific or engineering research effort.
- (c) Technical Data. Recorded information related to experimental, developmental, or engineering works that can be used to define an engineering or manufacturing process, or to design, procure, produce, support, maintain, operate, repair, or overhaul material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents, or computer printouts. Examples of technical data include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog-item identifications, and related information and computer software documentation.

(2) Except as may otherwise be set forth in the Subcontract Data Requirements List (SDRL), (i) the distribution of any technical document prepared under this purchase order, in any stage of development or completion, is prohibited without the approval of Buyer's Contracting Officer, obtained through the Buyer, and (ii) all technical documents prepared under this purchase order shall initially be marked with the following distribution statement, warning, and destruction notice:

(a) DISTRIBUTION STATEMENT C - Distribution authorized to U.S. Government Agencies and their contractors; (fill in reason in accordance with MILSTD-1806); (fill in date of determination). Other requests for this document shall be referred to USAMDSTC, SMDC-TC-WN, P.O. Box 1500, Huntsville, AL 35807-3801

(b) WARNING - This document contains technical data whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., Sec 2751 et seq) or Executive Order 12470. Violation of these export laws are subject to severe criminal penalties.

(c) DESTRUCTION NOTICE - For classified documents, follow the procedures in DOD 5200.22-M, Industrial Security Manual, Chapter 5, Section 7, or DOD 5200.1-R, Information Security Program Regulation, Chapter IX. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

(3) As a part of the review of preliminary or working draft technical documents, the Government will determine if a distribution statement less restrictive than Statement F specified above would provide adequate protection. If so, the Government's approval/comments will provide specific instructions on the distribution statement to be marked on the final technical documents before primary distribution.

* Distribution is defined as release of data outside of the UAMDSTC program management office, prime contractor;'s organization, or subcontractors to the lowest tier.

e. TITLE TO INFORMATION

Title to all plans, systems analyses, reports and listings, and all other items pertaining to the work and services to be performed and delivered under this contract are considered to be "developed exclusively with government funds" as defined in DFARS 252.227-7013.

f. ORGAINZATIONAL CONFLICT OF INTEREST

1. The effort to be performed under this contract may require access to the proprietary information of other companies and consequently creates a potential significant conflict of interest as set forth in Federal Acquisition Regulation (FAR) 9.505-4. It is the intention of the Government to prevent creation of an unfair competitive advantage as a result of knowledge gained through access to proprietary information. Consequently, when access to proprietary information of other companies is required, the contractor shall (1) enter into a written agreement with the other companies to protect their proprietary information from unauthorized use or disclosure for as long as it remains proprietary; and (2) refrain from using such proprietary information for any purpose other than that for which it was furnished.

2. An executed copy of all proprietary information agreements shall be furnished to the US Government Contracting Officer, through the Buyer, within fifteen (15) calendar days of execution.
3. The contractor shall include this clause in all subcontracts which may require access to proprietary information of other firms. When the clause is included in a subcontract, the term "Contracting Officer" shall represent the head of the Contracts Office of the prime contractor
4. Restrictions on future contracts. The contractor shall refrain from using the proprietary data obtained under this contract in other contracts or for any purpose other than that for which it was intended. This restriction shall not prohibit the contractor from using the future business endeavors and proprietary data for which the contractor has obtained proper authorization for its use from the owner of the proprietary data.
5. Remedies. For breach of the above restrictions or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government or Buyer may terminate this contract for default, disqualifying the contractor for subsequent related contractual efforts, and pursue other such remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government.
6. Government and Buyer indemnity. The contractor shall hold the Government and Buyer harmless and indemnify the Government and or Buyer as to any cost or loss resulting from violation of this clause or the unauthorized use or disclosure of third party information data or software by the contractor, its employees, subcontractors or agents.

e. GOVERNMENT REVIEW OF CRITICAL PROCESSES

The Government reserves the right to conduct reviews of the Contractor's readiness or critical processes at significant times during the period of performance (e.g., simulation evaluation, readiness to conduct flight test). Any such review will be conducted by a focused Government team (which may include support contractor personnel) at a time and place mutually agreed to by the Government and the Contractor. Such reviews will typically take place at the place of performance and be accomplished within approximately one workweek.

f. ENABLING CLAUSE FOR BMD INTERFACE SUPPORT

Seller and its subcontractors at any tier shall cooperate with USASMDC/BMDO contractors by providing access to technical matters, provided, however, the Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Seller and such entities.

3. All orders over \$100,000 include Buyer's Purchase Order Attachment VE-01.
