

PURCHASE ORDER ATTACHMENT **P-37B (00)**

1/MIL-B-131 SEALED BAG & ANY #/BOX

OBJECT: To protect one part, from environmental and physical damage, using a heat sealed bag, made from Mil-B-131 material, and a cushioned box.

UNIT PACKAGE QUANTITY: One part per unit container.

CUSHIONING: Cellulosic material, flexible foam, air-cap or equivalent. Do not use shredded paper.

UNIT CONTAINER: Bag, fabricated from foil lined kraft barrier material per Mil-B-131, class 2, and shall be long enough to permit one additional opening and closure.

PACKAGING METHOD: Place one part into a unit container. Heat seal the bag with a minimum of enclosed air. Place any number of unit containers into an intermediate container which is a folding box, setup box, or a corrugated fiberboard box. Protected parts adequately, and fill voids, with cushioning. A maximum gross weight of 40 pounds is recommended, but do not exceed weight limitations of container.

SHIPPING CONTAINER: Corrugated fiberboard box, domestic, RSC, of sufficient quality and strength to insure safe arrival of parts.

PACKING METHOD: Pack any number of intermediate containers into a shipping container. A maximum gross weight of 40 pounds is recommended but do not exceed weight limitations of container. Fill voids with cushioning or empty intermediate containers.

MARKING INSTRUCTIONS: Each unit container must be marked with RMSC part number and quantity. Unit containers are exempted from marking only if they hold one (1) part each and RMSC P/N is visible on part.

SPECIAL INSTRUCTIONS: The intermediate container may be used as the shipping container providing the strength and quality are sufficient to insure safe arrival of parts.

PALLETIZATION: If required, palletize with any standard pallet such that a stable, unitized, and stackable load is created. Fibreboard (cardboard) pallets with plastic cup feet are not allowed.

NOTE: To preserve the environment, Raytheon Missile Systems Company recommends that packaging materials which are manufactured from, and or, with CFC's (chlorofluorocarbons) not be used.

This attachment, with its terms and conditions, is an integral part of this purchase order.
