

**PURCHASE ORDER ATTACHMENT P-1241A (00)**

**SENSOR UNIT #13366994**

PART NAME: Sensor unit

PART NUMBER: 13366994

UNIT PACKAGE QUANTITY: Up to 9 parts per unit container.

UNIT CONTAINER: Die-cut or molded tray, fabricated from polystyrene foam (self extinguishing grade), or flexible polyurethane foam (2-4 lbs./cu. ft. density).

PACKAGING METHOD: Bag each sensor in an antistatic bag and close with heatseal, twist tie, tape, or staples. Place up to 9 bagged parts into a tray, one part per cavity. Stack three trays into an intermediate container which is a corrugated fiberboard box, weather resistant, RSC, single wall, V3C.

SHIPPING CONTAINER: The intermediate container is the shipping container.

MARKING INSTRUCTIONS: Mark each unit container and intermediate container with RMSC part name/number, and quantity.

PALLETIZATION: Palletize (8) intermediate boxes on a 48" x 48" wood pallet. Fibreboard (cardboard) pallets with plastic cup feet are not allowed.

NOTE: To preserve the environment, Raytheon Missile Systems Company recommends that packaging materials which are manufactured from, and or, with CFC's (chloroflorocarbons) not be used.

This attachment, with its terms and conditions, is an integral part of this purchase order.
