

**PURCHASE ORDER ATTACHMENT TQA-148 (00)**

**DESTRUCTIVE PHYSICAL ANALYSIS (DPA)**

Material/parts delivered under this Purchase Order may be subjected to a sample destructive physical analysis (DPA) examination upon receipt. This analysis, based on specified requirements for form, fit, and function, shall be used to determine lot related defects attributable to workmanship or a variance in design, materials, or manufacturing.

The examination shall also be used to verify internal physical configuration and that material/parts were not damaged during sealing or other processing operations.

Buyer reserves the right to reject material/parts which fail to pass this DPA examination.
