

PURCHASE ORDER ATTACHMENT Q-7

Date Code Requirements

1. Each shipment shall consist of only one coded lot.
2. If this requirement cannot be complied with, Seller shall notify the Buyer of the minimum number of date coded lots per shipment, and minimum number of parts per lot (150 minimum is preferred) that Seller can ship on a best effort basis. With Buyer concurrence, multiple date coded lots may be included in one shipment, if segregated and packaged and identified separately. Each date code lot must be documented on a separate shipper.
